

OSC109A

- Anti—tamper switch
 - White Light filter
 - Auto Temperature Compensation
 - LED on & off Optional
 - Alarm Duration Adjustable
 - Adopted SMT, high EMI/RFI immunity
-
- Operating Voltage: DC9-16V
 - Supply Current: =20mA DC 12V
 - Working Temperature: -10? to +50?
 - Installation Method: wall mounted
 - Installation Height: about 2.2m
 - Detecting Angle: 110°
 - Detecting Distance: 12m
 - Alarm Output: Normal Close
 - Anti Tamper Switch: Normal Close
 - Size: 107*52*36.5mm
